SPORT NOTES

Infantile paralysis is paralyzing the basketball industry in Fairmont for again have three good games been cancelled because of the fear of bringing teams here. Keyser, who was to have played the Y. M. C. A. and the Normal, will not come the last of the week. It is hoped, however, that games later in the season can be arranged. Parkersburg High was to have met Fairmont High Saturday night but will meet the locals later.

"Specks" Shields, Fairmont roller skating champion of 1914-15, and "Speedo" Barker, champion so far of 1916-17, will race for local honors on the Jackson street skating rink Saturday night. Shields has not been racing for about two weeks but is now getting in shape to make a hard fight for his title.

Good, hard practice is being held every evening on the Normal school floor by the Normal boys and Coach Toothman is rapidly pulling into shape a light weight, fast team. Emphasis is being placed on team work and with the big Normal floor the coach hopes to develop a style of play that will have visitors at a disadvantage.

West Virginia may see a return to the boxing game if the Otto bill, now pending in the Legislature, is passed. The bill, promoted by Wheeling business men, is being given support from a number of sources and is believed will be made into law. To create sentiment in its favor a group of Wheeling business men have arranged for a boxing match to be held and have invited ministers, society women, business men and city authorities to witness the affair.

The King-Efaw series to be rolled tonight on the Temple alleys and later on the Mannington alleys, has been indefinitely postponed because of the water having flooded the Mannington alleys.

Wheeling has been dropped from the Central League as a result of the club's not being represented at a meeting held in Detroit. Well substantiated rumor in the Panhandle city has it, however, that the Stogies are not tying up in the Central because a new league is to be formed with Wheeling, Akron, Steubenville and other close at hand cities where railroad fares will not eat up all the profits of the club management.

Ty Cobb's salary is to be cut says a scribe. Maybe because he only batted .371 last year.

Billy Miske is Jack Dillon's latest meal ticket. Dillon's fond of continuous vaudeville.

The Illinois legislature may pass another of those ten-round boxing bills. That will be another place for Freddie Welsh to box.

There taking the swat out of baseball. They performed a similar operation on boxing several years ago.

Willie Jackson says he will never stall in a bout. Willie is still very young.

Wonder if Dave Fultz ever read the obituary of the late lamented Federal League.

The main difference between a mowing match and a prize fight seems to be that there's no fighting in the former.

The I-Knew-Him-When club will gain a large membership since Willie Jackson has appeared.

WHEN IS A GOLFER A PROFESSIONAL? U. S. G. A. RULING OVERLOOKS A BET!

CHICK EVANS

By PAUL PURMAN

When does an amateur golfer become a professional? When he sells sporting goods to make a living.

When does an amateur golfer remain an amateur? When he works as a golf course architect or writes golf articles for newspapers and magazines to make a living.

The ruling of the United States Golf association in the case of Francis Ouimet, former open champion of the world, holding that he is a professional did not touch Jerry Travers, Chick Evans, open and amateur champion, or Walter Travis.

Ouimet's professionalism is based on the fact that he sells golf goods for a sporting goods house. This is in violation, the association holds, of an association rule which automatically disqualifies persons "engaging in any business connected with the game of golf, wherein one's usefulness or profits arise because of prominence in the game of golf."

Friends of Ouimet declare that the rule, applied to him, is unfair, as he was engaged in the sale of golf goods

long before he became prominent in golf by winning the open championship four years ago.

They also charge that Ouimet is being unfairly treated because the association has taken no action against Evans, Travers and Travis.

For many years Travis has worked as a golf course architect, and has laid out many golf courses in all parts of the country.

Chick Evans edits a golf magazine and contributes articles on golf to newspapers and magazines.

While friends of Ouimet declare it is ridiculous to regard either Evans or Travis as professionals, they insist it is just as preposterous to bar Ouimet from amateur rating.

The action of the association has driven from golf one of America's most brilliant performers and the man who held the open championship in America when it was threatened by Vardon and Ray the English stars.

tension line must be built over a precipitous hill from the Hutchinson station to the Chifton sub-station.

The gas company employees spent a feverish day yesterday for in a number of places the flood destroyed property which interrupted service. The main feeding the town of Monongah was destroyed and a force of men worked all day constructing a temporary line so that Monongah people might not freeze to death. The pumping station on Dunkards Mill run was covered with water for a time early yesterday but escaped without serious damage or interruption of operation.

CUT THIS OUT

OLD ENGLISH RECIPE FOR CATARRH, CATARRHAL DEAFNESS AND HEAD NOISES

If you know someone who is troubled with head noises, or Catarrhal Deafness, cut out this formula, and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. We believe that Catarrh, Catarrhal Deafness, head noises, etc., are caused by constitutional disease, and that salves, sprays, inhalers, etc., merely temporize with the complaint and seldom, if ever effect a permanent cure. This being so, much time has been spent in perfecting a pure, gentle, yet effective tonic that should quickly dispel all traces of the catarrhal poison from the system. The effective prescription which was eventually formulated is given below in an understandable form so that anyone can use it in their own home at little expense.

Secure from your druggist 1 oz. Parmit (Double Strength), about 75c worth. Take this home and add to it 1/2 pint of hot water and 4 oz. of granulated sugar; stir until dissolved. Take one tablespoonful four times a day.

The first dose should begin to relieve the distressing head noises, headache, dullness, cloudy thinking, etc., while the hearing should rapidly return as the system is invigorated by the tonic action of the treatment. Loss of smell and mucus dropping in the back of the throat are other symptoms that show the presence of catarrhal poison, and which are often overcome by this efficacious treatment. If nearly ninety per cent of all ear troubles are directly caused by catarrh, there must be many people whose hearing may be restored by this simple home treatment.

Every person who is troubled with head noises, catarrhal deafness, or catarrh in any form, should give this prescription a trial. Holt Drug Co. supply you.

Prof. Hertzog Praises This Perfect Laxative

DR. CALDWELL'S SYRUP PEPsin AN IDEAL REMEDY FOR CONSTIPATION.

In every family there is more or less occasion for a laxative remedy. It is to meet this need that Dr. Caldwell's Syrup Pepsin is prepared, and that this combination of simple laxative herbs with pepsin fulfills its purpose is proven by its place in thousands of American homes.

Prof. F. J. C. Hertzog, the well-known linguist, 2341 North Oriana St., Philadelphia, Pa., wrote to Dr. Caldwell that he has used Dr. Caldwell's Syrup Pepsin in his household with excellent results and that he and his family consider it indeed a friend in need, and always keep a bottle of it on hand.

Constipation is the direct cause of much serious illness and is a condition that should never be neglected. Harsh cathartics and violent purgatives should never be employed to relieve constipation because the very violence of their action shocks the entire system. A mild laxative, such as Dr. Caldwell's Syrup Pepsin is far preferable, being mild and gentle in its action, without griping or other pain or discomfort; its freedom from all opiate or narcotic drugs makes it an ideal remedy for children.

Dr. Caldwell's Syrup Pepsin is sold in drug stores everywhere for fifty cents a bottle. To avoid imitations and ineffective substitutes be sure to get Dr. Caldwell's Syrup Pepsin. See that a facsimile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge can be obtained by writing to Dr. W. B. Caldwell, 455 Washington St., Monticello, Illinois.

Kin Folks And Friends!

I have ten fingers and ten toes. I can count that much, but I just can't count all my good friends down South here—they are far too many.

And I'm mighty proud of them. The men who make me, say you can tell real quality by the company one keeps.

Blood will tell. A good name and good breeding count most of all.

And that same, I reckon, applies to cigarettes, too. More and more gentlemen of the South are smoking me, SOVEREIGN, every day, because they know I come from good old Virginia and Carolina stock—the finest, grandest stock in all the world.

Quality is the thing, friend—you can't deny it. And I stand for Quality.

You Folks of the South KNOW good blood!
You Folks of the South KNOW good tobacco!

That's why I am so loved among you all down here. So I am proud to say—

I am guaranteed by *The American Tobacco Co.* —Buy me. If you don't like me return me to your dealer and get your money back. I have said it. A Southern gentleman is known the world over for keeping his word, and I have given you mine.
